

Communal facilities and neighbourhood

We want to provide as many opportunities as possible for you to be active, to get involved and have fun.

We will provide a supportive, stimulating environment with shared facilities for you to enjoy with your neighbours and the community.

The communal facilities will include a restaurant, coffee & internet room, lounge, hair salon, library, treatment and exercise rooms, hobby rooms, village hall and a scooter store, with charging points.

Many of these facilities will also be available for use by older persons in the local community and it is anticipated that this will be managed through a membership arrangement (eg, join the luncheon club).

There will also be a furnished ensuite guest room, for use by your relatives and friends who may wish to stay over when visiting. The suite will be available for booking at reasonable cost.
